BOROSIL[®]

Storage

Your home-cooked food deserves better than plastic. Our borosilicate storage containers are perfect for everything from leftover sabzis to dry snacks for your kid. Freeze chutneys in the same container they'll be reheated in. Store saag or kheer in the fridge without worrying about odours lingering in or chemical leaching. And when it's time to reheat, just place them in the microwave—no need to transfer, no risk of cracking. This is storage every Indian home needs.

Stackable

Our Borosilicate Storage Containers make your fridge smarter and more organized. With stackable designs and transparent glass lids, you can easily spot what's inside—no more guessing or digging through a cluttered shelf. Made from tough, non-porous borosilicate glass, they don't absorb odours or stains from spicy Indian curries or pickles, so your food stays fresh and your containers stay clean. And when you're ready to eat, there's no need to transfer—just reheat directly in the microwave or even on the flame. Whether it's dahi for your paratha, leftover sambhar, or your kids' chutney sandwich filling, these containers are 100% leakproof, flame-safe, and meal-prep ready. From fridge to flame to table, they handle it all.

FREEZER FRIENDLY

Ideal for leftovers and batch-cooked meals.

FLAME + MICROWAVE SAFE

Reheat straight from the fridge.

LEAKPROOF

Safely store pastes, purées, or seasonal goodies like mango pulp.
